NIA Supports Trumbull Preservation

As you drive down picturesque Huntington Turnpike you notice something odd. The majority of the homes have NO POWER PLANT IN NICHOLS signs on their lawns. This is because a private fuel cell company, Fuel Cell Energy, LLC is planning on building a power plant on the corner of Primrose Drive and Huntington Turnpike. Less than a mile from Trumbull Historic Society, NIA & 5 Pennies Park, Senior Center and in extremely close proximity to three schools and preschools. Right in the middle of our historic Nichols neighborhood.

A group of concerned citizens created Trumbull Preservation, to oppose the power plant at this site. They are an extremely organized and well informed group. In a little over a month there have been major accomplishments Please visit their web site www.notrumbullpowerplant.org to learn more about the proposed power plant, sign the on-line petition and see how you can get involved. Any CT resident can sign the petition as this is a precedent setting case. If they win here in Trumbull any CT neighborhood could be next. A clear message needs to be sent to this and other power companies that power plants DO NOT belong in residential neighborhoods.
